

Repair Café - Textile Repairer

Location: Guernsey

Line manager: Repair Cafe Manager

We are looking for someone with creative flair, practical repair skills and with the ability to guide and teach at our Repair Café corporate workshops. Someone who is passionate about repair, reuse and repurpose as we work towards reducing waste and cultivating a circular economy here in Guernsey.

This is a start-up project and requires someone who's confident to work flexibly as we navigate the growth and development of this young charity. You'll have skilled sewing experience and be able to look at damage or wear and see potential for new life!

Hours will be mainly across business lunch hours (11-2pm for example) and early evening work (4-7pm for example), and because of this, the hours are flexible and on an ad-hoc basis.

A driving licence to transport equipment using the charity van would be preferable.

Role and Responsibilities

- Work alongside the Repair Café Manager to deliver corporate repair workshops.
- Field questions and queries from attendees repairing their items
- Guide and help with repairs and minor alterations
- Be aware of health and safety protocols for public engagement activities
- Be able to talk about the project and charity and repair culture with groups / the media

Experience and Skills

- General sewing skills
- Experience working with textiles or clothing
- Attention to detail
- Problem solving
- Confidence communicating with the public
- Appreciation for the impact driven nature of charity work

About Us

The Repair Café is run by The Clean Earth Trust, a local grassroots charity working to limit human impact on the environment. For further information about the work we do visit our website:

www.cleanearthtrust.org

How to Apply

To apply please email repaircafe@cleanearthtrust.org with a cover letter or video, CV and examples of your repair skills. We encourage applications from diverse backgrounds and experiences, should you have any questions or you would like any further details on aspects of the role, please let us know.
