

Volunteer Position

Repairers and Fixers

Role Overview

We are looking for skilled and practical volunteers to join our community of repairers and fixers at The Repair Café. Whilst we work on finding a permanent residence, The Repair Cafe runs regular pop-ups across the island hosting sessions for the public to pop-in and learn how to fix or upcycle their pre-loved, worn-out or broken goods.

Ideally each volunteer will be able to attend one pop-up event per month which lasts between 2-4 hours.

Duties and Responsibilities

- Attend the monthly Repair Café sessions at a variety of locations across the island
- Lead, guide and deliver repairs in any of the following areas;
 - o small electrical appliances (e.g. Toasters, kettles, watches, lamps, radios, etc.)
 - o household goods (e.g. picture frames, toys, small items of furniture, etc.)
 - o textiles (e.g. clothing, bags, accessories, soft furnishings, etc).
- Actively engage with enquiries and questions in the Repair Cafe Facebook Group (optional)
- Share onsite social media posts and stories to grow the reach of the Repair Café (optional)
- Be available for comment with local press (optional)

Experience and Skills Required

- Have a strong passion for preserving our environment and the aims of The Clean Earth Trust
- Be experienced and comfortable fixing items, curious and persistent in finding faults and getting to the bottom of a problem
- Personable, friendly and comfortable talking to users and explaining the repair process
- Ability to coach users how to do a repair, if the participant would like to learn

It would be desirable for fixers to bring their own tools but this isn't essential. We have a growing bank of tools donated from the community and can look to source specific items are they are required.

Volunteers must have own transport or a way to independently travel to events.

Working with Us

Volunteering for The Clean Earth Trust means that you will be part of a progressive and growing local charity supporting Guernsey's environment, working with a team of passionate environmentalists.

Volunteers get free access to the Guernsey Chamber of Commerce events and have the opportunity to be part of the Sustainable Business Initiative Community. It's an exciting time to be part of The Clean Earth Trust as we grow, and this is a great opportunity to get valuable non-profit experience including participation in team meetings, where you'll be invited to contribute to the development of our projects.

To apply please send a cover letter and CV to hello@cleanearthtrust.org We are currently recruiting for this role and will be reviewing applications as they are received and encourage applications from diverse backgrounds and experiences.
